

SkillCoach

Client Handover Sheet

This sheet confirms the final handover of the SkillCoach system from aitamate Solutions (“Developer”) to Phenom Coaching Systems Private Limited (“Client”), marking the point at which the system, source access, and administrative control pass to the Client on their own AWS server.

This document is issued under, and should be read together with, the Proposal cum Software Development & Support Agreement dated _____ between the same parties (“the Agreement”). Where anything here conflicts with the Agreement, the Agreement governs. Signing this sheet confirms the “handover” referred to in that Agreement has occurred — starting the 90-day free support period and triggering the second payment milestone as defined there.

Product	SkillCoach — AI Coaching Delivery Platform
Developer	aitamate Solutions, Thane, Maharashtra, India
Client	Phenom Coaching Systems Private Limited
Handover date	_____
Live URL	_____

Handover checklist

The Developer confirms each item below has been completed as of the handover date:

- ☐ Source code and full system access handed over to the Client (repository access or deployed instance, as agreed)
- ☐ Application deployed and running on the Client's own AWS server
- ☐ Client's own Anthropic (Claude) API key configured — no Developer-owned key remains in use
- ☐ Head Coach administrator account created and credentials delivered securely to the Client
- ☐ Client's chosen domain/subdomain pointed and verified live over HTTPS
- ☐ Head Coach system training completed and the SkillCoach Head Coach Reference Manual delivered
- ☐ Client has independently logged in, changed the admin password, and confirmed the system is operational

From the handover date above: the Client is responsible for their own AWS hosting costs and Anthropic API charges; the Developer provides free support for 90 days as set out in the Agreement, after which annual support is optional and separately payable; and the 30-day defect-fix warranty in the Agreement runs from this same date.

Acceptance

By signing below, both parties confirm the handover described above is complete and accepted.
